Dear Students, Parents, and Guardians,

Creighton Community Schools has recently completed our Triennial Wellness Policy Self-Review. The results of the self review and our wellness policy can be found on our website ([www.creightonpublicschools.org](http://www.creightonpublicschools.org)) under the district tab.

Our goals have consisted of incorporating more preferred healthy food selections in our nutrition program and including more preferred healthy physical activity in our physical education classes. We also have a goal focused on social and emotional health. We have recently updated our wellness policy (along with all of our other policies) to ensure better compliance with the requirements.

We will continue to work on all goals and ensure that we are meeting on quarterly basis to monitor progress. We will also be looking for additional ways to continue to gather input from a variety of stakeholders.

Please reach out to either office or administrator if you have any questions or suggestions.

Thank you,

**Josh Weber**  
Superintendent and PK-3 Principal
