

## SCHOOL CALENDAR

The school calendar shall accommodate the education program of the school district. The school calendar shall accommodate instruction for a minimum of 1,080 hours for students in grades nine through twelve, 1,032 hours for students in grades one through eight, and 400 hours for students in kindergarten. The school calendar shall include, but need not be limited to, days for student instruction, staff development, in-service days and teacher conferences.

Special education students may attend school on a school calendar different from that of the regular education program consistent with their Individualized Education Program.

Seniors may be released early at the end of the school year if they have attended school for 1080 hours and have completed all of the school's requirements.

All staff members will be contracted for 180 teacher-pupil days and five workshop days. It shall be the responsibility of the superintendent to develop the school calendar for recommendation, approval, and adoption by the board annually.

The board may amend the official school calendar when the board considers the change to be in the best interests of the school district's education program.
