Creighton Community Schools Families,

It is hard to believe that we are almost to winter and that the chance for inclement winter weather is right around the corner. Creighton Community Schools utilizes a variety of communication methods to inform families of any potential late starts or school closures:

1. **School Reach** - This program sends phone calls and text messages to families. If you have not signed up for this program, please see the back of this letter for directions. Please let the school know if your contact information has changed.
2. **Creighton Public Schools Smartphone App** - Search "Creighton Public Schools" in your smartphone app store and download the app. Make sure that your phone allows notifications from this app. **This app is highly recommended as it is our quickest form of communication.**
3. **Facebook** - Follow "Creighton Community Public Schools" on Facebook for updates and to see all of the great things happening in our district.
4. **Radio Stations** - Creighton Community Radio, 102.9 KBRX, 97.5 KEXL, 106 KIX, and WJAG 780 AM all broadcast our announcements in the morning.

Every effort will be made to determine the weather conditions in every part of our school district. However, parents always reserve the right to keep their children home if they believe it is in the best interest of their safety. Please contact the school if you have any questions or concerns about our late start and school closure communication methods.

Educationally Yours,

A handwritten signature in black ink, appearing to read "Josh Weber". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Josh Weber, Superintendent

Creighton Community School
Contact Telephone Numbers for SchoolReach Program

Creighton Community School can use the SchoolReach program to contact multiple numbers per family. Please list your home phone number and any cell phones or other numbers you would like contacted about weather announcements, etc. When you list the numbers, please write down if it is for Mom work, Dad cell, etc., so that the numbers can be classified correctly in the system. Please list a number to be contacted when your lunch balance is low. If your home phone number is blocked, please list a cell phone number so that you do not miss any announcements. The system can detect if an answering machine has answered and will play the recording to it. The maximum number of rings before hang up is five. Please make sure your machine answers after four rings or you may miss the call. During times of inclement weather and you miss a call from the school, please take the time to check your new messages before calling the school.

****Any announcements made this year (late starts, early outs, no school) will go to all of the numbers that you list.**

****If you are not already enrolled in text messaging, you may receive a text asking you to reply yes to opt in to the program.**

Name: _____

Home Phone Number: _____

Additional Phone Numbers:

What This Number Is:

Additional number to notify about low lunch balances:

Please return to Creighton Community Schools as soon as possible.

Email Address: _____

School announcements may also be found on the Creighton Public Schools app, Facebook, and www.creightonpublicschools.org.
